Clear, White, Black, Terracotta, Grey

Tamlyn® BrunnoSeal® is a superior quality general purpose patch and repair specifically designed to be applied by professional roofers under all weather conditions, wet or dry. Tamlyn® BrunnoSeal® will bond underwater for temporary or permanent repairs. The modified properties provide excellent adhesion to most of the waterproofing systems except SILICON & TPO. It has excellent elongation and recovery characteristics and can be used on all flashings, crickets, around skylights, gutters, crevices, and seams.
